

BUCHAREST 5 DAYS

DAY 1 Arrival to Bucharest and transfer to hotel

Arrival to Bucharest. Bucharest is the capital and largest city of Romania, a vibrant metropolis known for its diverse architecture, rich history, and lively cultural scene. Situated in the southeastern part of the country, it serves as Romania's political, economic, industrial, and cultural hub. Bucharest offers a blend of historical charm with modern developments, featuring a mix of architectural styles like neo-classical, art nouveau, interbellum (Bauhaus and art deco), communist era, and contemporary buildings. Transfer to hotel and free time for leisure and relax.

DAY 2 Bucharest city tour

After breakfast, we will take a Bucharest city tour. We start with Palace of Parliament the second largest administrative building on the planet, after the Pentagon, where we will learn how dangerous and damaging a totalitarian regime like communism can be for a nation. You will feel small seeing what pointless opulence and megalomania “the sleep of reason” can create. We will pass from the National Village Museum. Next stop will be Calea Victoriei (Victory Avenue), where on one side, you have the Royal Palace and on the other, the Central Committee of the Romanian Communist Party and the Revolution Square, where Ceausescu fled the country by helicopter. You will see old orthodox churches, enveloped in an aura of mystery, a music store, where you can find a large selection of music, as well as casinos, bohemian restaurants, museums, theatres, tea shops, retail stores and gift shops, where you can purchase souvenirs, and even the National History Museum and the Romanian Athenaeum, another Romanian architectural landmark, the CEC Palace and many others. We continue with Revolution Square, before we end to Old Town where you will have the chance to relive the olden days through a blend of mystery and contrasts on the streets of the Historical City Centre, starting with Hanul Lui Manuc, an immense fortified inn which served as a cultural and economic center back in the day. It was built around 1806 by Manuc Bei, one of the wealthiest landowners in the Balkans, and it was where merchants passing through Bucharest would get together, as just a part of the colorful crowd that populated the historic inn. In this historical and cosmopolitan area, you will also find, in addition to the most popular restaurants in Bucharest. Afternoon free to leisure.
